A. M. RUMERY, TREASURER,

REPORT OF SCHOOL BOARD.

Another school year has closed, and we are able to report that the schools have made good progress. The teachers, generally, have labored well and successfully. The attendance has been good but not what it should be. Truancy has been broken up, but there are a large number of absences that could be prevented by the parents taking more interest in their children's welfare.

There has been considerable sickness in some districts which has interfered with the schools.

We have had only 26 weeks school this year as we have not received any State Aid. It behooves all interested in education to see that sufficient money is appropriated to provide at least 30 weeks of school.

The matter of district supervision of schools should receive the thoughtful attention of every voter and parent.

Parents should take more interest in the schools; visit them often and get in closer touch with the teachers. By working together more could be accomplished in the school, and less complaints made.

Ossipee may well be proud of her school houses. We

doubt if any town of its size in New Hampshire has better ones.

The ceilings of three houses have been sheathed this year, and three houses need shingling and painting the coming year.

If we had a suitable school building, we should recommend that a grammar school be established. This, also, requires your thoughtful attention.

Urging all parents to attend the school meeting, we remain your obedient servants,

E. W. HODSDON,

C. A. WIGGIN,

ALBRA FOGG,

School Board.

AUDITORS' CERTIFICATE.
